Summer Camp

School is out, let the Summer Camp begin!

June 16 - July 18, 2014
Monday - Friday, 09:00 - 17:00
PIERCE – The American College of Greece has a long tradition of excellence in the field of education in Greece. Summer Camp, the school’s summer program, is part of this tradition and has been offering an unforgettable experience to thousands of children for the last 27 years; an experience which stems from a rich and balanced educational, cultural and athletic program that helps children develop their physical and mental abilities, while enjoying a creative summer full of action!

PROGRAM
The Summer Camp takes place after the end of the school year and aims to develop the athletic and artistic skills of children 6-12 years old and teens 12-15 years in the most creative way. The children are divided into groups according to their age and knowledge level. The program is primarily in Greek but the English language is also used by the instructors.

MORNING ACTIVITIES (9:00 – 12:00)
The morning educational program aims to develop the children’s athletic skills. Each child can participate in 2 of the following activities every week: basketball, tennis, soccer, swimming, karate, kids pilates and hip-hop. Instruction in each sport is based on the age and skill level of the child.

RECREATIONAL ACTIVITIES - LUNCH (12:00-13:30)
In addition to sports, the children can try some extra recreational activities such as archery, board games, and ping-pong. Lunch is served at the PIERCE restaurant right after. The menu is selected by the Camp nutritionist and is designed to meet the nutritional needs of the children with special emphasis on the selection of healthy and vitamin-rich foods.
AFTERNOON ACTIVITIES (13:30 – 17:00)
The afternoon educational program strives to develop competence in the English language and computers, while cultivating the child's artistic and cultural skills. Each child can participate in 2 of the following activities every week: English, computers, sculpture, arts & crafts, magic art, comics, theater and cooking.

FACILITIES
The athletic facilities of The American College of Greece are of international standard and scope, including a 50-meter Olympic sized pool, four indoor basketball courts, six tennis courts, three dance studios, a 6-lane track, outdoor basketball and volleyball courts and a FIFA certified synthetic turf soccer field.

FACULTY AND STAFF
The Summer Camp is staffed by highly professional and experienced PIERCE and DEREE faculty and coaches carefully selected for their skills, knowledge, as well as their sensitive and caring approach to the children. The faculty and coaches are supported by counselors (a select group of DEREE students) who help in the harmonious and safe operation of the program, supervising and escorting the children throughout the day.

BUS SERVICE
You are offered the option of bus transportation to and from the Summer Camp. Bus routes have been designed to accommodate, as best as possible, a variety of locations in Athens. The routes and stops are finalized once the minimum participation requirement has been met and are subject to change if needed.
