ASSESSMENT CENTER TESTS

personal sessions

Provided by Adecco

The ability assessments measure a wide range of critical reasoning and problem solving skills, from numerical reasoning, verbal comprehension, arithmetic, detail accuracy to mechanical reasoning, and more. Research shows that ability assessments are one of the most effective methods to predict job performance. These assessments not only evaluate present abilities but also potential.

Upon completion of the assessment test, you will receive feedback on your performance by Adecco.

15:00–16:00

JSB Library, Upper Level

HOW TO ROCK YOUR ASSESSMENT; ALL THE KNOW-HOW YOU ARE GOING TO NEED

Presentation

By Haris Konstantinidis, Permanent Placement & Career Transition Director at Adecco Group Greece and Dimitris Rinas, Senior Consultant at Linkage Greece

Assessment Centers focus on the systematic and objective identification of behaviors of an individual for the purpose of selection and development. In the Assessment Center, candidate's assessment is based on job related behavior. Candidates participate in multiple activities and exercises that will include in-depth Competency Based Interview, Ability Testing and Psychometrics.

Through this workshop/presentation, you will get familiarized with the process of being assessed through a structured assessment process and will get an overview of the variety of the different assessment tools.

Optional pre-registration [here](#)

ENTREPRENEURSHIP & INNOVATION SEMINAR

Presentation

By Andreas Stefanidis, Co-founder & President at the Academy of Entrepreneurship & Accelerator Director at Aephoria.net

Join this presentation to learn more about how Open Innovation allows SMEs to find experts skilled on the very specific topic of interest for the company. In addition, you will explore the Erasmus for Young Entrepreneurs, a cross-border exchange programme which gives new or aspiring entrepreneurs the chance to learn from experienced entrepreneurs running small businesses in other Participating Countries. We will focus our discussion on the use of the above programs for the support of sustainable and inclusive Bluegrowth entrepreneurship.
