

<b>DEREE COLLEGE SYLLABUS FOR:</b>	
<b>MG 4085 INTERNSHIP IN OPERATIONS MANAGEMENT</b> <span style="float: right;"><b>US CREDITS: 0/0/3</b></span>	
(Updated Spring 2017)	
<b>PREREQUISITES:</b>	Normally the student will have completed 70 credits before embarking on this module. Formal approval by the Department Head / Program Coordinator / Internship Administrator (as appropriate) is required.
<b>CATALOG DESCRIPTION:</b>	Work-based learning in operations management in a business/organization setting. On-the-job training and work experience. Application of operations management knowledge, principles and practices to a business/organization setting.
<b>RATIONALE:</b>	The internship in operations management gives students the opportunity to apply their skills, knowledge and abilities learned in the operations management program to the actual business/organization setting. In addition, the internship provides students with the opportunity to continue to develop and enhance their skill sets, personally and professionally, and to prepare for the contemporary workplace through their exposure to the operations management environment and their interaction with industry professionals.
<b>LEARNING OUTCOMES:</b>	As a result of completing this course, the student should be able to: <ol style="list-style-type: none"> <li>1. Apply vocationally relevant concepts associated with the operations management in a professional setting.</li> <li>2. Formulate a personal development plan based on a critical self-assessment of personal and professional skills and competences, such as timeliness, ability to complete assignments with a minimum of supervision, team spirit, service attitude and initiative demonstrated during an internship-placement in a logistics and supply chain department or organization.</li> <li>3. Relate theories and concepts in operations management with the professional practice in the industry through a critical reflection on the work-based learning internship experience.</li> </ol>
<b>METHOD OF TEACHING AND LEARNING:</b>	In congruence with the teaching and learning strategy of the college, the following tools are used: <ul style="list-style-type: none"> <li>• Use of Blackboard site, where the student's advisor posts notes, instructions, announcements as well as additional resources in relation to the internship.</li> <li>• Office hours: Students are encouraged to contact their advisor, where they can ask questions and discuss internship issues.</li> <li>• Professional seminars and workshops: Seminars organized and delivered by the School of Business faculty on professional conduct, ethos, service quality in operations management; workshops on interviewing skills, drafting of CV, presentation skills delivered in cooperation with the Office of Careers Services.</li> <li>• Critical Incident and Intervention Report (individual): Bi-weekly report</li> </ul>

with identification of critical incidents and recommendations for management intervention in relation to these incidents (500 to 600 words per report) accompanied by daily journal (daily activity log) of the activities the student intern undertakes during the internship.

- Internship provider evaluation of the student-intern performance of tasks and overall professional demeanor.
- Personal Development Planning Report: The work-based learning internship experience is used as the basis for reflective learning in terms of the student’s personal development. The student should provide a report incorporating a personal self-assessment of skills, competences and areas for improvement and an action plan for the further development of professional skills and competences. Grading of the PDP report takes the Internship Provider evaluation into account.
- Reflective Paper (individual): After the completion of the internship, the student must write a reflective paper, integrating his/her experiential learning from the internship-placement with the theories taught in class in relation to operations management. The paper should include recommendations to management based on the student-intern’s evaluation of professional practice.
- Presentation (individual): Presentation of the internship experience, lessons learned and the reflective paper to fellow students and faculty.
- Work-based learning internship: Minimum 180 and maximum 200 working hours in operations management in a business/organization setting (within 3-4 months).
