Time is passing by and Monday, November 26, signals the beginning of DERE E'S 2012 Waste Reduction Week. The event will last until Friday, November 30, and will be full of fun activities. Be alert for our "Green Office" visits, make your own paper, participate in a special "Treasure Hunt" and witness an electrifying dance performance! Also, come and find out about local solutions during a global crisis: attend lectures on urban gardens, composting, social enterprises and waste. Don't forget to bring your old mobile phone to recycle it! For regular updates on the activities, check out our Facebook pages: ACGces and ACG-Center of Excellence for Sustainability, or follow us on Twitter: CES_ACG. ATHLETICS!

- ✓ **Men's Basketball:** On November 15th DEREЕ defeated ATLANTIS 56-46, in the opening of the Commercial League Championship. Our team, by exerting defensive pressure through a large part of the game, managed to cause their opponents to make numerous mistakes, which, coupled with our team spirit, led to an easy win. This was not the case on November 18th when our team went up against PETROGAZ in the second game of Commercial League Championship. Our players showed passion and determination while pushing their opponents to their limits, but unfortunately the game was lost 58-50.
- ✓ **Men's Soccer:** It was a triumphant victory for our soccer team when on November 17th they played an exciting game against NEOS KOSMOS and won 5-0. Congratulations coach and team!
