1. Welcome to the Programme

1.1 Message from the Dean

The importance of a Liberal Arts education has never been more in need of emphasis than nowadays, when educational institutions are called upon to ascertain society’s commitment to the values of inclusion, diversity, ethical accountability and responsible citizenship. A Liberal Arts education offers a broad as well as in-depth exposure to knowledge that cultivates refined understanding, global consciousness, and ability to deploy creative synthesis which is the foundation of critical, innovative thought. Not surprisingly, research shows, a Liberal Arts degree is the ticket to employability and professional success, as Liberal Arts majors are more and more in demand in today’s job market for their informed decision-making abilities, communication skills, and structured habits of mind.

Helena Maragou, PhD
Dean, School of Liberal Arts & Sciences
1.2 Message from the Programme Coordinator

Welcome to the programme of Cinema Studies, in the Department of Communication. This programme offers an academically challenging context to develop your intellectual and creative skills; these will serve as an invaluable guide to any theoretical or practical pursuit as well as prepare you for postgraduate study. Our curriculum offers theoretical, historical, creative and practical modules at all levels of study. Through these you will develop reading and writing skills, sharpen your intellectual and aesthetic capacities, and engage in much creative work as this is currently relevant to the industry.

We hope that you will take advantage of your time with us to develop as a thoughtful, inquisitive and life-long learner. Our main concern is to assist you to discover knowledge, build up a strong theoretical background and develop strong cognitive and practical skills in order to pursue your professional life and maximize your potential as a global citizen.

Melenia Arouh
Programme Coordinator, Cinema Studies

1.5 Keeping in Touch

Academic and administrative staff at ACG use your student email address to contact you. It is important that you check this account regularly. You can forward emails from your student email address to a preferred personal email address. However, spam filters needed by the College mean that emails sent from external email addresses may be delayed, blocked or deleted. It is, therefore, important that your student email address is the only email address that you use to contact College staff.

We will inform you of cancelled classes / activities / course notices as soon as possible. This will be via Blackboard, an email to your student email address or, if urgent, via the mobile phone number on our contact records.

Please make sure that you inform the Registrar’s Office whenever you change your address and contact details. This will ensure we can always contact you in an emergency, and that you receive any important College communications that we may need to send you.

2. Studying on this Programme
2.1 Programme Philosophy and Mission

In congruence with the mission of the College the BA (Hons) in Cinema Studies programme aims to teach students the theoretical concepts and the practical tools comprising the field of Cinema Studies. It aims to add distinctive value to our students through the study and practice of the moving image and thus deepen their understanding of cinema’s relation to society and culture. In particular, the Cinema Studies programme provides a liberal arts education in a context that invites students from diverse cultural backgrounds to assess and assimilate different ways of studying cinema, its history, aesthetics and practice. Our faculty members bring diverse professional and academic experience to the classroom through knowledge and training that will help students acquire an understanding of cinema as an artistic medium and cultural product, as well as develop preproduction, production and post-production skills. The programme is facilitated by workshops, masterclasses, visiting lectures and participation in industry or other relevant events.

2.2 Aim and Objectives

The programme combines theoretical study and practical training to prepare students for a career in the cinema and visual media industries or postgraduate work. The programme aims to

1. Help students gain an advanced understanding of communication, expression, and storytelling via the moving image.
2. Provide students with an understanding of the history, as well as the social and cultural relevance of cinema.
3. Help students gain media production skills and technical proficiency in areas such as video and visual production, writing and digital media development.
4. Enhance student-learning experiences by creating opportunities for students to network and learn from professionals in media industries.
5. Provide students with an understanding of the ethics of the moving image, the normative issues that surround the cinema industry and the politics of cinema.
6. Provide a solid foundation of knowledge and academic skills necessary for further education in the arts, humanities and social sciences.
7. Provide students with expertise to begin entry-level positions in various areas of film/video production

**2.3 Programme Learning Outcomes**

**A. Knowledge and Understanding**

A1. Demonstrate an understanding of major theories and concepts relevant to film study and practice

2.5 The Cinema Studies Society

All Cinema Studies majors are members of the Cinema Studies Society. Each year the Cinema Studies students elect five people to the governing body. The society has an academic advisor from the department, with whom the society plans and executes academic events such as the hosting of guest speakers. If you are interested in joining the governing body or simply working closely with it, contact the programme coordinator.

2.6 Description of Modules

For a detailed description of the Cinema Studies modules go to the college catalog

2.7 Programme Resources

Library Help

Your department liaises with JS Bailey Library staff to ensure physical and electronic information resources for your subject are available. Library staff are available to support you personally and will work with you throughout your time at the College.

If you have any questions about using the Library, such as logging-in, printing or using our various databases you can get help:
• from the front desk on the ground floor of the JS Bailey Library
• online: http://library.acg.edu/help
• by phone: +30 210 600 9800 ext. 1434

The JS Bailey Library’s website library.acg.edu provides access to thousands of resources and information about Library services. You can also access key services via your smartphone or tablet.

**Multimedia resources**

Microsoft Office: 750 licenses currently in operation. Licenses are per machine and are renewed every 5 years.

SPSS: 100 licenses currently in operation. Licenses are concurrent and are renewed annually.

E-view: 3 licenses currently in operation. Licenses are per machine and are renewed annually.

Blackboard platform: The license is renewed annually.

Turnitin Plagiarism Detection software: License is renewed annually.

Premiere editing suite: installed on lab computers for teaching and student use.

**External Examiner**

The External Examiner assures that you are assessed fairly in relation to other students on the same programme and that your award is of the same standard as similar programmes offered by other UK higher education institutions.

The Chief External Examiner for this programme is:

Not assigned as yet

Academic Society Advisors provide an oral summary of External Examiners’ reports in the first Academic Society General Assembly meeting after each Board of Examiners. Information on the External Examiner’s report could be provided by your Department Head upon request.

**Work-Related Activities**

While you may gather a great deal of information in your courses, there is no substitute for direct experience in a professional environment. Work-related activities allow you to get “hands-on” experience and, therefore, constitute a pertinent learning tool.

The internship option in your program provides opportunities for the development of practical skills in contexts where professional criticism is both immediate and constructive. It also furnishes you with opportunities to observe and understand connections between
coursework and skills needed to perform effectively in a professional environment. Internships aid in the identification of knowledge and skills essential to doing well in a particular profession, give you the opportunity to demonstrate your professionalism and, therefore, increase the credibility of your degree.

In addition, because the internship experience requires a great deal of personal responsibility, it enhances your professional confidence and provides an important step in your personal and professional maturation process.

The industry placement is in essence your first step towards a professional career. It gives you valuable experience in preparation for employment, provide entry into a professional network and occasionally lead directly into employment opportunities. Contacts made through the internship can be invaluable sources of information for securing eventual employment.

2.8 Opportunities for Graduates

Having successfully fulfilled the requirements of the programme the graduates will be prepared to undertake graduate studies or find work in a variety of fields including:

- Feature and short film production
- Postproduction studios
- Preproduction studios
- Feature and short documentary production
- Digital videography
- Television stations
- Film and culture journalism
- Film criticism
- Media industry
- Advertising industry
- Film festivals
- Film curation
- Production and sound design
- Audiovisual labs

3. Assessment and Feedback

3.1 Assessment

Assessment Strategy and Procedure

Although courses may employ assessment instruments which perform only a diagnostic or formative function, credit for the completion of a course can only be obtained on the basis of one or more summative assessments. A summative assessment provides a measure of the extent to which a student has achieved the intended learning outcomes of a module. The assessment of a student's academic performance requires a judgment of the quality of his or her work. In all cases, this assessment are governed by criteria which are explicit and
communicated to students. More information on the assessment strategy and the general grading criteria of the College can be found in Student Resources.

**Examination Regulations and Procedures**
Examination regulations apply to in-class assessments, such as examinations, laboratory tests etc., for all students registered in Deree courses and aim at promoting academic honesty through appropriate conduct. More information on procedures for exam security and invigilation is provided in Student Resources.

**Student Identity**
Students must carry with them their DEREE ID card in the examination room. For details on Checking of Student Presence Procedure, please visit myACG.

**Entering and Leaving the Exam**
Students who arrive late may be admitted to the exam but no additional time will be given. Students should be allowed to enter and take the exam up until a quarter of the allotted time has passed. Students should not be allowed to leave before a quarter of the allotted time has passed. Students should bring as little as possible to the examination room. Any bags, books, notes, should be placed underneath the chair. Food and drink (including coffee) are not permitted in the exam room with the exception of clear bottles of water.

**Exam Conduct**
Students should bring their own pens, pencils, approved calculators, and other materials needed for the examination. All exams should be written legibly in black or blue ink. Pencil may only be used for diagrams, graphs, etc. Exam answers written in pencil are not acceptable. Entry/leaving an exam should be done as quietly as possible.

**Mobile Phones and Electronic Devices**
Mobile phones and electronic devices must be switched off – not on “silent” – in clear view and placed underneath the chair. If students use or attempt to use their phone / electronic device during the exam it will be regarded as a disciplinary offence. Students will be held responsible if their mobile phone / electronic device rings / vibrates during the exam. Any student caught using Bluetooth or any electronic device in the exam will be asked to leave immediately and will face disciplinary action.

**Student Answers/Examination Paper**
All answers must be legibly written on exam paper provided by the exam proctor. Students are not permitted to write answers on the question paper. Students must clearly cross out any (rough) work that is not to be graded. If extra exam paper is needed, it will be provided by the exam proctor. The only paper that can be used is the paper provided by the College and should all be returned to the proctor at the end of the exam.

**Return of Exam Papers**
Students must put the exam question paper and all answer papers together and submit both to the exam proctor. Failing to do so will result in failure in the exam.

**Assessment Schedule**
Please note the exam/assessment periods in the academic calendar and make sure that you are available during that period.

**Examination Schedule**
The examination schedule is published on myACG. Please keep checking for updates.

**Coursework**
Where a module is wholly or partly assessed by coursework, the submission date and method of submission will be clearly stated on the Course Information Packet circulated to students by the instructor on the first day of classes and posted on the course Blackboard container.

When you submit an assignment it is important that you ensure the following information is on the assignment front sheet:
- Your name
- Year and semester
- Name of the instructor for whom the assignment has been done
- Name of the module for which the assignment has been done

Your responsibilities:
- Keep a record of your work
- Keep copies of all assignments
- Ensure your work is handed in within the deadlines

Each piece of assessed work will receive a mark and feedback. The method and form of feedback for each module will depend on the assessment method.

**Assessment Method Mapping**

Appendix C presents a complete map of all module assessments

**3.2 Giving your Feedback on This Programme**

We are keen to work with you to enhance your programme. Opportunities for you to feedback to us formally include student participation in the Programme Committee, the Academic Society, Student Course Evaluation, Senior Exit Surveys, meetings with the Dean, meetings with the Provost, and other student surveys. Informal feedback is also welcome at any time either via your instructor or your department head.

**School of Liberal Arts and Sciences Programme Committee**
The School of Liberal Arts and Sciences Programme Committee is responsible for the routine monitoring of programmes, including the consideration of student feedback, performance data and external examiners’ reports. Proposals approved by the Committee are forwarded to the Deree Curriculum Committee and Academic Council. The Programme Committee is chaired by the Academic Dean of the School. Committee membership includes all Department Heads and Programme Coordinators, as well as the president of each student academic society. This ensures that the student community has a voice in
decisions about curriculum, teaching and learning, and the development of the School of Liberal Arts and Sciences.

**Departmental Academic Society**
Cinema Studies has a student society, which organizes field trips, on-campus lectures, and informational meetings about the programme. The faculty advisor to the Society supervises the organization of student elections to the society’s governing board according to the society’s constitution, and the board of students implements all planned activities. The societies also maintain a Blackboard site for all students majoring in the programme where academic information can be posted.

The Cinema Studies Society fosters a climate of intellectual collaboration between students and faculty members, and provides opportunities for students to explore various career options. We achieve these aims by working with advisors in order to organize events such as conferences and trips with an explicit educational purpose and by actively supporting initiatives undertaken by the department.

**Student Course Evaluation**
Student evaluations of courses and instructors are administered by the Office of the Registrar at the end of each academic term. The online course evaluation system is easy, convenient, secure, anonymous, and confidential. The course evaluation system is administered by the Registrar’s Office. Information about the course evaluation system is available through the college website or by emailing registrar@acg.edu.

**Senior Exit Survey**
Student feedback comprises an integral part in the continuous development and success of School of Liberal Arts and Sciences programmes. In that spirit, we ask prospective graduates a Senior Exit Survey. The survey includes questions on student satisfaction with the education provided by the School of Liberal Arts and Sciences and with their overall College experience at Deree. The aim is to identify areas of good practice as well as areas that need improvement. Based on the data collected through the Senior Exit Survey, a report is developed by an interdisciplinary School of Liberal Arts and Sciences faculty committee. All data collected in this survey are held anonymously and securely. Responses cannot be traced back and all results are presented in an aggregated form. When you reach the final semester of study, you receive the relevant link in your student email address.

**3.3 What Happens with your Feedback on This Programme?**
Your feedback helps us to continually enhance this programme. You can find out what actions have been taken in response to your feedback through your academic society, student government, department head or instructor. Updates on action taken are also provided through blackboard and myACG.
Student feedback is used in a variety of ways, including:

- Improvement of methods of Teaching and Learning
- Module Leader Reports
- Annual Performance Evaluation of academic staff
3.4 Getting Feedback on your Assessed Work

According to The College has committed to a two week turnaround for feedback. Each module handbook will provide you with specific guidelines on the turnaround for feedback.

3.5 How do I Get my Results?

Results from module assessments and decisions on progression to the next level or awards (if you are in the final level) are available from myACG. Results normally appear within ten working days after the end of the examination period. Marks on individual assessments are not finalized until the Board of Examiners’ meeting (the meeting where your end of year outcome will be decided). If you are unsure about when you might receive your results or have queries relating to your results, you may contact your module instructor via email.

3.6 Issues with Assessment

If you are experiencing problems which are adversely affecting your ability to study (called 'mitigating circumstances'), then you can apply providing some form of evidence of your circumstances to verify your request.

Examples of acceptable extenuating circumstances include:

- Bereavement
- Illness
- Hospitalization
- Transport cancellation, where this may be evidenced
- Court attendance
- Serious family illness where the impact on the students’ ability to undertake assessment may be demonstrated
- Accident

The following are not acceptable extenuating circumstances:

- Holidays
- Weddings
- Family celebrations
- Printing problems
- Computer failure, corrupt USB sticks
- Financial problems
- Work related problems
- Accommodation issues
- Mis-reading assessment arrangements

Late Submission
You must submit work by the deadlines set in the course outline. Work submitted after but within seven days of the deadline will receive a maximum grade of C. You will fail the assessment if work is submitted later than seven days after the deadline.

**Resits**
In the case of an initial failure of one or more assessments in a course, you have the right to be reassessed in (i.e. resit) the element that you have failed. This reassessment will normally be scheduled prior to the commencement of the following semester. Only one resit per each assessment element is allowed in each module. The maximum grade you can obtain for the reassessed component of the course is a pass (Grade C – 40%). If you fail the resit, you will not receive the credit for that course.

**Resits in Capstone Courses**
Students who fail a coursework assessment (project/paper) with a weight of 60% or above in a capstone course may request to resit the failed assessment in the resit period following the one designated for the course.

Such requests from students must include the instructor’s verification that it is impossible for the student to successfully complete the assignment by the scheduled course resit period.

Such an extension for the completion of specified coursework in capstone courses can only be given upon the recommendation of the student’s instructor and the approval of the relevant Department Head and CASP.

**Academic Appeals**
Students registered in a validated program, may appeal against a decision of the Board of Examiners. Students’ rights of appeal are limited to two grounds:

- either that the candidate’s performance in an assessment was adversely affected by illness or factors which s/he was unable, or for valid reasons unwilling, to divulge before the Board of Examiners reached its decision
- or that that there has been a material administrative error, an assessment was not conducted in accordance with the current regulations for the program or special arrangements formally agreed, or that some other material irregularity relevant to the assessment has occurred.

Disagreement with the academic judgment of a Board of Examiners in assessing the merits of an individual element of assessment does not constitute grounds for an academic appeal. Responsibility for the submission of documentary evidence in support of the appeal rests with the student.

Appeals must be submitted in writing to the Registrar no later than 14 days following the publication of Examination Board results. All appeals must be submitted in writing to the Registrar by the end of the second week of the following session/semester.
On receipt of the appeal, the Registrar informs the department head/area coordinator and Academic Council (through the Chief Academic Officer) and submits to them all relevant evidence and correspondence.

The Academic Dean will undertake an initial assessment of the validity of the appeal and advise the student accordingly. In the light of this advice, the student should decide whether s/he wishes to proceed with the appeal. Alternatively, the student may decide to withdraw his or her appeal and/or lodge a complaint in accordance with the College’s complaints procedure. The subcommittee of the Academic Council will hear the appeal. The appellant may be called to appear before the subcommittee. The subcommittee may also require the Chair of the Board of Examiners to appear separately before it. The appellant and the Chair of the Board will not be present when the subcommittee considers the evidence and formulates its decision. The subcommittee must inform the student and the Board of Examiners of its decision within seven days of the hearing. The student has the right to subsequently appeal to the President in writing against the decision of the subcommittee. If the appellant wishes to contest the President’s decision s/he has the right to lodge an appeal with the Open University. The student will obtain contact details for the President and the Open University at the Student Success Center.

The Registrar’s Office will keep records of outcomes for all appeals cases. The Academic Council will receive annual summary reports regarding all appeals received by the College.

Cheating, Plagiarism and other forms of Unfair Practice

An academic offence (or breach of academic integrity) includes any action or behavior likely to confer an unfair advantage, whether by advantaging the alleged offender or by disadvantaging another or others. Examples of such misconduct are plagiarism, collusion, cheating, impersonation, supplying false documentation, use of inadmissible material and disruptive behavior in class or during examinations. Responsibility for reviewing breaches of academic integrity is held by the Committee on Standing and Conduct.

3.7 Academic Misconduct and Penalties

Charges against a student for violating academic integrity may originate from any source: a faculty member, an administrator, a staff member, a fellow student, or from the community at large. The charges are to be submitted in writing to the chair of the Committee on Standing and Conduct. If a member of the Committee originates the charge, then that member will be recused from the decision-making process, and any other process related to the case, other than those related to the role of complainant/witness. On receipt of the allegation of a breach of academic integrity, the Chair must inform the Chair of the Board of Examiners that is responsible for the assessment. The Board should then suspend its decisions on the candidate’s grade(s) until the facts have been established (see Student Resources – Regulatory Framework).

Once the Committee on Standing and Conduct has considered the allegation and reached a conclusion on whether an offence has occurred, it should issue a report with a recommendation regarding the outcome for the student to the Chair of the relevant Board.
of Examiners. If it has been established that an offence has occurred, the Board will judge
the significance of the misdemeanor and exercise its discretion as appropriate to the case.
If it is established that a student has attempted to gain an unfair advantage, the examiners
shall be given the authority to rule that the student has failed part or all of the
assessments, and the authority to determine whether or not the student should be
permitted to be reassessed.

Independently of the assessment decisions made by the Board of Examiners on offences
pertaining to validated courses/programs, the Committee on Standing and Conduct is
empowered to consider a wider range of sanctions that might be applied when a student is
found guilty of a breach of academic integrity.

The following list of sanctions is indicative and can be imposed by majority vote of the
Committee:

Admonishment Letter (or Letter of Warning): The student is advised in writing that her/his
behavior violates rules of academic integrity and that a recurrence will lead to more serious
sanctions. The Committee will deliberate on whether the letter should or should not
appear in the student’s file permanently or for a lesser period of time.

First Offence File: The student’s name and a description of the offense is filed in a shared
electronic folder, accessible by the Chief Academic Officer, the academic Deans, the Dean
of Students and department heads. Second offences automatically result in a hearing.

Disciplinary Probation: The student is advised in writing that his/her behavior violates rules
on academic integrity and is given a probationary period (to be decided upon by the
Committee) to show by good behavior that a more stringent penalty should not be
imposed. During the period of the probation, the student is required to terminate
association with all extra-curricular activities and resign from any student office.

Suspension: The student’s relationship with the College will be discontinued until the end of
the semester or term. The student will forfeit any fees involved with the College.

Dismissal: The student’s relationship with the College will be terminated indefinitely. The
right to apply for readmission shall be denied.

Before announcing judgment/sanctions, the Chair of the Committee on Standing and
Conduct consults with the Chair of the Academic Council, who has the right to recommend
other sanctions. If the Chair of the Academic Council is in agreement with the Committee’s
recommendations, the Chair of the Committee will inform the student and the plaintiff (in
writing and within three days of the hearing) of the final judgment and the actions to be
taken. If the Chair of the Academic Council proposes other or additional sanctions, the
chair of the Committee must communicate these recommendations to the Committee
within three days and re-deliberate. Majority vote once again determines final sanctions.
Communications procedures as outlined above apply. A final written report to the
Academic Council on a case-by-case basis, is prepared within 14 days, and includes the complaint, the Committee’s judgment and sanctions.

Within three working days of receipt of the decision, either party (plaintiff or student) has the right to make a formal written appeal against the decision of the Committee. The appeal is addressed first to the Committee on Standing and Conduct. If the Committee does not deem any change to the decision is warranted subsequent to consideration of the appeal, the appeal may then be brought to the Academic Council, and subsequently to the President whose decision is final. The student may appeal against the decision of the Board of Examiners in accordance with the regulations for academic appeals (Section 9, Appendix D – Regulatory Framework).

3.8 Complaints Procedure

Complaints are specific concerns about the provision of a course / module or a program of study or related academic or non-academic service. When appropriate, a complaint is first resolved through informal discussion with the party / office directly involved. If not resolved at that level, a formal complaint is submitted by the student to the Registrar’s Office within 14 days from the day the outcome of this discussion is made known to the student. Upon receipt of the complaint, the Registrar forwards the complaint with all relevant documentation to a panel consisting of the Chief Academic Officer, the Academic Deans and the Dean of Students.

Depending on the nature of the complaint, the academic Dean or Dean of Students will undertake an initial assessment of the validity of the complaint and advise the student accordingly. In the light of this advice, the student should decide whether s/he wishes to proceed with the complaint.

In the event that the student decides to proceed with the complaint, a subcommittee of the Academic Council will be convened no later than three weeks after receiving the student’s decision. The membership of the subcommittee shall not include any member of faculty or the administration who has been involved in the complaint or who is a member of the relevant Board of Examiners.

The subcommittee of the Academic Council will hear the complaint. The appellant may be called to appear before the subcommittee. The subcommittee may also require the relevant member of faculty and/or Administration to appear separately before it. The appellant and any member of staff against whom the complaint has been made will not be present when the subcommittee considers the evidence and formulates its decision. The subcommittee must inform the student and the Chair of the Board of Examiners (if the complaint concerns a validated course/program) of its decision within seven days of the hearing. The student has the right to subsequently appeal to the President against the decision of subcommittee. If the appellant wishes to contest the President’s decision s/he has the right to lodge a complaint with the Open University. The student will obtain contact details for the President and the Open University at the Student Success Center.
The Registrar’s Office will keep records of outcomes for all complaints cases. The Academic Council will receive annual summary reports regarding all complaints received by the College.

4. Where to Get Help

4.1 Downloading College Forms

All standard student forms are available online on www.acg.edu as well as on myACG → Student Resources → Forms

4.2 Academic Advising

The Academic Advising Office aids students in choosing and completing their academic programs. The advising staff provides academic advice and information to undergraduate students, advising all first-year students, some second-year students, and transfer students; support for academic staff advisors; and resources for all students in need of academic advice. Once students have declared their major they participate in an advising program that uses academic staff as advisors to handle the responsibility of advising on academic and career-related matters.

International students have an additional non-academic international student advisor who assists them in their efforts to adjust to the new culture and supports them in obtaining any student visas and residence permits required by Greek law.

4.3 Student Academic Support Services

The Student Academic Support Services (SASS) is open daily and offers academic assistance to all DEREE-ACG students through individual learning facilitation sessions and/or workshops. SASS learning facilitators are peers who assist students in improving and strengthening academic study skills.

4.4 Office of Student Affairs

The Office of Student Affairs is dedicated to promoting student development and continually improving the quality of student life. Through extra-curricular activities the College strives to provide students with opportunities parallel to the classroom experience that are consistent with its educational values, such as presentations, lectures, excursions, debates, theatrical plays, blood drives, happenings and events. The students are encouraged to explore personal and professional goals by participating in clubs, societies, organizations and athletic teams. All the student groups have an advisor, or coach, who is knowledgeable in the subject area, monitors their activity, attends their general assemblies and supports the group during the year.

4.5 Student Success Centre
The Student Success Centre supports students by offering comprehensive, integrated services in the areas of academic advising, OU validation issues, student records, registration, and payments in a one-stop area. The Student Success Centre aims to create the optimum conditions so that students can follow the path to academic success. Students may visit the Student Success Centre to pay a bill, request a certificate, obtain a form, arrange to bring a visitor on campus, obtain their transcript, see an academic advisor, ask about OU validation, change a course, and obtain or replace their student ID. The SSC web page has been set up to reflect the one-stop concept of the Centre and includes information from different departments. It may be accessed from the "Quick Links" on the ACG homepage (www.acg.edu) and it allows students to print forms or view the academic calendar, academic policies, final exams schedule, course schedule, graduation instructions, major requirements, frequently asked questions (FAQs), the e-mail directory, and financial aid and international student information.

4.6 Disability Status and Provisions

Students are responsible for alerting the Educational Psychologist to a known or suspected disability and/or learning difference, and for providing relevant documentary evidence if available. The Educational Psychologist suggests actions to be taken to accommodate such cases, having ensured that there has been full consultation with faculty in the department(s) responsible for the assessment of that student. The accommodation is approved by the Committee on Disability and Learning Differences. This action must be endorsed by the Chair of the relevant Board of Examiners in the case of the validated award. Information, guidance and support are provided to all disabled students who declare their disabilities. Students with disabilities and learning differences may be eligible for special accommodations, such as extra time for examination completion, and receive support and educational counseling from the Educational Psychologist on campus.

4.7 Career Services

The Office of Career Services offers centralized, comprehensive and coordinated career development, through appointments, sessions and workshops, building relationships and longstanding collaborations between students/alumni and potential employers. In the past three years the Office has expanded the quality of the services offered by acquiring a Career Services Manager tool, Goinglobal, as well as the handling of the international internship positions and the work study positions, transforming it thus into a hub for career-related issues. The Office moved dynamically to the era of social media utilizing Facebook and Linkedin. The variety of programs and services offered to students and alumni include: counselling sessions about career advising and graduate studies advising; an online test which identifies strengths and personality preferences aiming to assist the students in their selection of a major; Goinglobal, a tool offering job openings abroad; skills workshops about job search and job interview techniques; Career networking events; JobBank offering part-time and full-time positions; Career Days where the students have the opportunity to have a short interview with a company representative; International Internship program.
4.8 Study Abroad

The Study Abroad Programme not only brings US and international students to Athens, it also sends Deree students to several partner universities in the US and other countries. The International Internship and Study Abroad Program combines and provides a first-of-its-kind career and academic program in Greece and is open to all undergraduate students. Students have the opportunity to intern with a leading multinational company abroad and follow this up with a semester of study with an international partner university. The College is proud to be partnering with a select number of institutions that span the globe such as Northern Arizona University, Mercy College, Texas A&M, Kingsville, University of Utah, the American University in Cairo, and Richmond – The American International University in London, to name a few.

5. What to do if you.....

5.1 .....are absent for more than one day
You must notify your instructor(s) if you are absent for more than one day. If you are going to apply for Mitigating Circumstances you will need to provide written evidence of the reason for your absence (see section 3.6).

5.2 .....are ill
If you are absent through illness on the day of an examination or assignment deadline and you intend to apply for mitigation, you must also provide us with details and any available evidence as soon as possible. Contact the Student Success Centre to get a copy of the appropriate Mitigating Circumstances form.

5.3 .....have a comment, compliment or complaint
We are committed to providing a quality, student-centered experience for all our students. We welcome comments and compliments from students, and find them valuable for ongoing improvements. Comments and compliments about your course can be raised with your instructor(s) and/or Department Head. If you have a specific complaint about an act or omission of the College you may be able to make a formal complaint in writing under the Complaints Procedure (see section 3.8).

5.4 .....are considering withdrawing from the course
You must consult with your advisor if you wish to defer your studies, withdraw from a course, or to transfer registration from one course or award (major) to another. Applications for deferral, withdrawal or transfer should then be lodged with the Registrar’s Office. Applications are subsequently considered by the Committee of Academic Standards and Policies (CASP). CASP decisions are governed by the following regulations:

- Students are permitted to change a course within the first two days of teaching.
- Beyond this period, students may withdraw from a course within the first two weeks of teaching whilst retaining the right to re-enroll in the said course in the future.
• Changes after this deadline will only be considered in exceptional circumstances. Students shall not be permitted to withdraw and then subsequently re-enroll in a course after the submission or completion of the first summative assessment.

5.5 need a reference letter
If you need a reference letter from one or more of your instructors, fill in the Reference Request Form from myACG (→ Student Resources → Forms), stating the reason why you need the reference, as well as the number of hard and/or electronic copies requested.

6. Other Relevant Policies

6.1 Attendance Policy

All students are required to attend 80% of instructional class time. Some programmes may impose a stricter attendance requirement.

Absence from a class does not exempt a student from completing the work for that class. Students who have exceeded the allowed threshold of absences will be referred by the instructor to the Registrar’s Office. The Registrar will in turn inform the Committee on Academic Standards and Policies which, in the light of any evidence of extenuating circumstances supplied by the student, will decide whether the student must withdraw from the course (and receive an F grade).

6.2 Student Punctuality Policy

It is the responsibility of students to be in class on time, and the responsibility of instructors to begin their class on time and end it on time. Students are considered absent and will be recorded as such, if they arrive to class 10 minutes (or more) later than the scheduled class starting time.

Individual instructors reserve the right to have a more stringent policy, provided that this policy is listed in the Course Information Packet.

6.3 Turnitin Policy and Student Guidelines

The College is using Turnitin software to assist in the detection of plagiarism. If a case of cheating is proven, disciplinary procedures will be followed, as described in sections 3.6 and 3.7. More information about the College’s Turnitin Policy can be found in Student Resources.

Guidelines for Student Use of Turnitin:

• Students are only permitted to submit their own work and only for assignments created by DEREE faculty for DEREE courses.
• Students are not allowed to submit the work of others.
• Students are not allowed to have their own work submitted by others.
• Students are responsible for submitting assignments to Turnitin on time.
• Work submitted to Turnitin remains in a large database of papers against which future papers are scanned.

6.4 Transfer of credits
Students who transfer must be in Good Academic Standing at their previous institution. Students who wish to transfer from US institutions must have a cumulative index (CI) or overall Grade Point Average (GPA) of 2.75 or above. Transfer students must contact the Academic Advising Office and the Validation Office after they are admitted to the College.

6.5 Evaluation of Transfer Credits
The transfer credit process begins immediately after the student’s first registration and only after the student has submitted both the official transcript(s) and the course syllabi or descriptions of substantial length from official publications of the institution. Course syllabi may be required for a better evaluation of the student’s completed prior academic work. All submitted documents not in English or Greek must be accompanied by certified English or Greek translations and must be submitted to the Validation Office before the end of the student’s first semester. The assessment process of the student’s prior academic work will be completed no later than two months (excluding vacation period) after the student has submitted a complete folder of the required documents as stated above.

Students cannot be granted credit (or be exempted from) courses at Level 6 and/or for more than 4 courses (i.e. 12 US credits or 60 UK credits) at Level 5. All transfer credit requests are handled by the Validation Office.

6.6 Credit by Assessment for Professional Experience
Credit by assessment may be earned for experiential learning (professional experience) by experienced professionals* who wish to begin or complete their studies. Such credit may fulfill up to 36 US credits required for a degree.

No credit by assessment can be awarded for Level six (6) courses, except for validated internship courses.
No credit by assessment can be awarded for more than four (4) Level 5 courses.

The method of assessment, the number of credits to be earned as well as the course(s) for which experiential credit will be given will be decided by the relevant academic department(s) depending on the disciplines for which credit has been requested. The academic department of the student’s declared major will report the results of the assessment to the relevant School Dean for approval. The Office of the Dean will send the final approved evaluation to the Registrar’s Office.

*Students must submit an application in order to take advantage of the Credit by Assessment program. The application includes an updated resume and a statement that describes knowledge and skills gained through experience-based learning and how they
relate directly to course(s) for which credit requested. Students may also submit certificates of training, work samples, and other documents appropriate as evidence of equivalent to college learning.

Once the application is approved a fee of 90 Euros per credit hour to be assessed will be charged to the student.

6.7 Student Matriculation

For the US NECHE accredited degree students have the right to complete their studies in accordance with the educational programs and requirements in effect at the time they were first admitted to the College. The maximum period of matriculation for a US NECHE accredited degree is 10 years.

If the degree requirements should change during the student’s period of studies at the College, the student may choose to complete those degree requirements in effect upon entry or any other set of requirements introduced subsequently and prior to graduation; all the specified requirements for the particular degree chosen must be met.

Students must observe all current prerequisites for courses. Students may stay informed about current prerequisites/co-requisites of courses by consulting annually the latest online College Catalog.

Re-admitted students are required to follow the program requirements in effect of their re-admission.

6.8 Safety, Health and Wellbeing

The College committed to providing a vibrant and sustainable working environment that values wellbeing and diversity. This commitment exists alongside our wider legal and moral obligations to provide a safe and healthy working environment for our staff, students and members of the public who may be affected by our activities.

Disabled Students
You are expected to declare any disability that would affect your safety in the event of a fire or earthquake, e.g. hearing impairment or the use of a wheelchair. Disabled students must declare their disability, to the College, for it to be taken into consideration.

Accident and Incident and Reporting
All accidents and incidents and dangerous occurrences, must be reported to, and recorded by College staff. In case of accident or medical emergency, you need to contact the College nurse. ACG First Aid Protocol and Medical Emergency Flow Charts are given in Student Resources.

Smoking
ACG is a smoke-free campus.
