

# Spring 2021 Scholarships for Parallel Minor Students

In alignment with the College's commitment to the transformative value of education and through the generous contribution of Donors, the American College of Greece (ACG) provides each year Certificate Minor students who are simultaneously enrolled at a Greek public university ('Parallel') with a number of scholarships based on merit, need or both.

Scholarships decisions are based on the evaluation of all required submitted application documents and interview.

## MERIT-BASED SCHOLARSHIPS

Certificate Minor students are eligible for a Deree Merit Scholarship, ranging from 10% to 40% tuition reduction, depending on their high school academic performance, proficiency in English, and overall student profile (i.e. letter of recommendation, personal statement, interview, extracurricular activities, work experience and other relevant factors).
