

Deree Classes Scholarships

Leave Your Class Legacy!

Since Maria West founded The American College of Greece in 1875 in Smyrna, our core mission remains unchanged. Now it's more important than ever: To contribute to the advancement of Greece and the global community through teaching, scholarship, outreach, and service rooted in the American educational tradition.

ACG's identity and legacy are intricately connected to its commitment to provide talented but economically disadvantaged students a quality education through scholarship assistance.

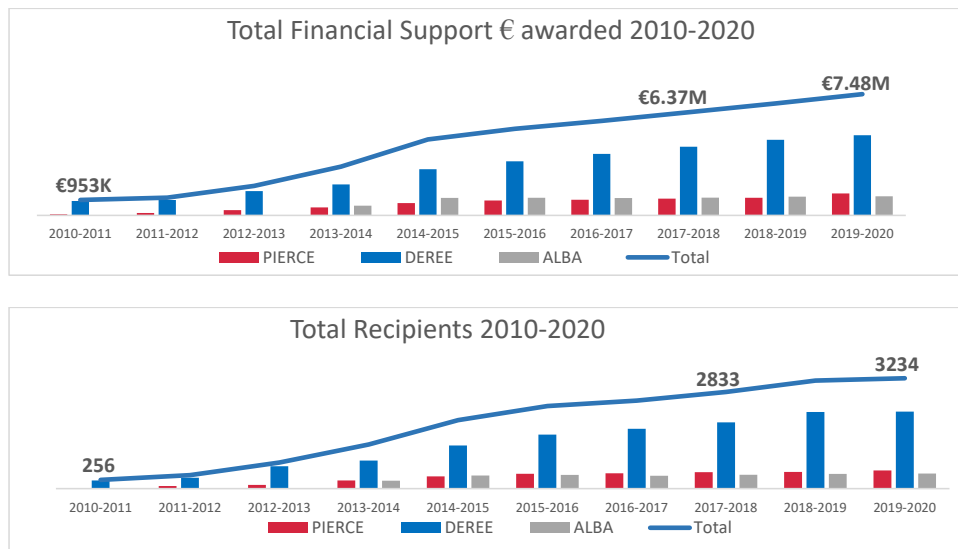

As a non-profit institution, the scholarships and the high-quality education The American College of Greece provides would not have been possible without the generous donations from alumni, parents, friends, foundations, and companies that support the school's mission. ACG encompasses three educational divisions: Pierce, Deree, and Alba, with over 5,700 students from Greece and over 72 countries. Almost half of the students receive some need and/or merit-based financial assistance. ACG has over 60,000 Alumni around the globe who constitute our best Ambassadors.

Why should you support the Deree Classes Scholarships program?

Even the smallest donation can make a difference when it's part of a collective effort! With your support, in the spirit of **"Non Ministrari – Sed Ministrare,"** our school will be able to continue offering life-changing opportunities for the next generations. You can connect to your alma mater by leaving your legacy with the establishment of scholarships for academically promising students with financial difficulties.

One of our top priorities is helping you establish personally meaningful scholarships that have an impact on the issues that you care about. Through the program, you can choose to partner with other like-minded Deree Alumni to formulate a scholarship based on your graduating Class or any other Team interest area (i.e. club, society, major, minor, and other interests, etc.). You can also join forces with more than one graduating classes to increase impact!

- **Type of Scholarship**
 - **Full scholarship (100%):** Covering the **full tuition cost** for **1-4 years**, based on your class/team target and amount collected.
 - **Partial Tuition:** Partial tuition coverage for **1-4 years**, based on the class/team target and the amount collected.
- **Duration: 1-4 years**, based on the class or team wish.
- **Award period:** With the start of the semester (September or January). In this case, the Scholarship specifics (amount, criteria, etc.) have to be finalized by May or September, respectively.
- **Beneficiaries:** Entering and/or continuing students, based on the class or team's wish.
