Business Conference:

“AI in Finance and Operations: From Innovation to Responsible Transformation”

The Association of Greek Chief Financial Officers (SEODI) invites you to its business event on the critical topic of **“AI in Finance and Operations: From Innovation to Responsible Transformation”**.

The conference is organized as part of SEODI's new initiatives to provide its members, business leaders, and market executives with timely insights into the evolving role of Artificial Intelligence in shaping the future of finance and operations.

Through expert perspectives and executive dialogue, the event will explore how organizations can leverage AI to drive innovation, enhance operational effectiveness, strengthen decision-making, and ensure responsible transformation in an increasingly digital business environment.

Our business conference is Supported and Hosted by The American College of Greece (Pierce-Deree-Alba).

Date: Thursday, October 08, 2026

Location: Events Hall of The American College of Greece (ACG), Ag. Paraskevi Campus [6 Gravias str.]
